New Rose-Colored Achillea, MILLEFOLIUM RUBRUM.

This beautiful new Achillea has large froeds or leaves of the most delicate fern like appearance, that for foliage alone would be worthy of a place in any garden. **New Double Bruant Geranium,
THEOCRITE.**

A distinct new Geranium of the large flowered Bruant race, producing very large semi-double flowers of the most beautiful and unique form, borne in immense trusses, the individual florets, the largest of the semi-double varieties. Its colorings are simply without an equal, a soft, tender rose with violet shadings, entirely distinct from any other variety in coloring. Another characteristic of this new Geranium is its heavy, dense foliage, neatly zoned and stands out hot sun admirably, and for bedding is without a rival. Price, 5 cents each; 50 cents per dozen; \$4 per hundred.

**The Finest Double White Geranium for Bedding or Cemetery Planting,
LA FAVORITE.**

This is without any doubt whatever the best Double White Geranium ever introduced. It is so far ahead of all others that a comparison is not necessary. Many extra fine plants have some weakness. This has not, being a strong grower, a profuse bloomer, and reliable in always coming perfect in color and substance. The trusses are very large; flowers beautifully formed, of the purest white, and retains its color in the sun, not drawing to a pinkish color as does White Swan. Price, 5 cents each; 50 cents per dozen; \$3 per hundred.

FIRE BRAND.

Color a dazzling flame scarlet, fine, prominent truss, flowers large and of great substance; an excellent bedder and pot plant. For planting in masses we have seen none to equal it. Another thing in its favor, it takes fewer plants from its sturdy branching habit to give effect. Price, 5 cents each; 50 cents per dozen; \$3 per hundred.

BLACK KNIGHT.

This is the darkest and richest Geranium grown. It is very bright, dark, deep, rich velvety maroon, very dark and rich, and at the same time very bright. An excellent bedder and pot plant, one that must find its way into every collection. Simply superb. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

MILLE. HOSTE.

Color of the flower a clear, bright salmon, with center and outer edges touched with white, and with soft shadings of carmine, velvety in texture, and of the most beautiful semi-double form. We have measured trusses of bloom on this variety ten inches in diameter. It is simply superb. A fine bedder. Price, 5 cents each; 50 cents per dozen; \$5 per hundred.

BED OF GOLD.

Those who have tried such Geraniums as Gilded Gold, Progressive and Golden Dawn, will find this variety is far in advance of all other existing kinds of orange-scarlet. It is of a rich golden orange shade, its large trusses opening freely, the habit being as free and robust as that of any other variety. Price, 5 cents each; 50 cents per dozen; \$4 per hundred.

BEAUTY POITEVINE.

Very large, semi-double flowers, borne on immense trusses. Free bloomer, either as a pot plant or as a bedder. It has no equal of the color, which is a brilliant salmon, very clear at the borders. This might well have been called "Salmon Bruant," as it is identical in every way but color. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

SPECIALTIES IN

Double Varieties

MONTESQUIN.

One of the most exquisitely beautiful in color, which closely resembles that of the Grace Wilder Carnation. The floret is quite circular, and more than semi-double. Truss of large size, nicely carried on good stems; florets large. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

**The Great Bedding Geranium,
BRUANT.**

The giant among Geraniums. We consider this the bedding Geranium of all varieties. The plant rebounds in vigor, foliage, and all the qualities that go to make the perfect bedder that it is. Fine also in pots. It is of the semi-double type (the most striking of all), only the double form takes place near the base of the petals, allowing them free development, and at the same time showing the semi-double type. It embodies all the advantages of both types, the perfect development and free-blooming qualities of the singles, the fullness and beauty of the doubles, without their great fault of having the florets damp and drop off and become unsightly when planted out. Price, 5 cents each; 50 cents per dozen; \$3 per hundred.

HETERANTHE—Double General Grant.

We consider this the best bedding Geranium of all varieties. The plant rebounds in vigor; foliage is strong, striking and of perfect habit. Color of the flower is a bright vermilion red, of most pleasing shade. The flowers are absolutely perfect in shape, color and make up; trusses exceptionally large and borne in immense spherical balls, often measuring eight inches in diameter. It makes a compact, dense growth, and has all the qualities that go to make the perfect bedder that it is. Price, 50 cents per dozen; \$3 per hundred.

**Lovely Double Pink Geranium,
EMILE DE GIRARDIN.**

No one who has not seen this lovely pink Geranium as it is grown in the beds and borders of the Northern parks can imagine the beauty that lies in a flower of that color. Of a deep, soft rose, rather than pink, but fresh and bright; the flowers are perfect in form and borne well and clear above the foliage. The long beds of it seen in the Chicago parks, with their edgings of "Golden Bedder" Coleus, formed the most beautiful Geranium planting we have ever seen, and the combination is delightful. It stands the sun perfectly, and is, in our opinion, the finest double variety of any color for massing, when a delicate and artistic effect is desired. Price, 5 cents each; 50 cents per dozen; \$4 per hundred.

CALIFORNIA.

Golden-orange shade, of the most brilliant hue. The flowers are of the largest size, most perfectly shaped, in large trusses, opening freely at all seasons. The habit and growth is as free and robust as in any other variety. It is well marked in character and distinctness. Price, 6 cents each; 60 cents per dozen; \$5 per hundred.

WILHELM PFITZER.

A beautiful bright apricot color, quite distinct, and by far the best ever sent out of the color. We think this is one of the best pot or market Geraniums. Its peculiar and distinct color are wonderfully attractive. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

MISS FRANCES E. WILLARD.

It is of vigorous growth, the flower stalks are very long, and the flowers are carried well above the foliage; the color is a delicate blush, shaded with pearl-pink. Price, 5 cents each; 50 cents per dozen; \$5 per hundred.

The Best New Single Geranium, THE WONDER.

This new Geranium, without doubt, is the finest that has ever been offered; came from France in a lot of fine sorts, and is supposed to be a sport from the scarlet Geranium, *Athelete*. It being so intense in color, such a wonderful bloomer and strong grower that it was kept separate and styled "The Wonder," from the fact that everyone who saw it pronounced it wonderful. The artists has copied exactly in size, an ordinary truss. The flowers are the most intense, dazzling scarlet, and are borne in trusses of enormous size, measuring from 18 to 20 inches in circumference, with single florets measuring 7 inches in circumference. The foliage is fine, and rich in color, and in strong contrast to the brilliant scarlet flowers. As a pot plant or a bedding Geranium, it has no equal. Price, 10 cents each; 75 cents per dozen; \$6 per hundred.

The Incomparable Single-Flowered Salmon Geranium,

★ MRS. E. G. HILL.

There never has been a salmon-colored Geranium to equal this, although it has been introduced some four years ago, and it is rarely offered in wholesale lists, because it is at once picked up by market-growers. For those unacquainted with the variety we would say it is a most distinct and pleasing shade of salmon, with light shading at the center. Trusses are large, and composed of an immense number of florets. The finest salmon-flowered Geranium to date. Price, 5 cents each; 50 cents per dozen; \$4 per hundred.

Single Geranium, MRS. A. BLANC

New Geranium, M. POIRIER.

It is a perfect marvel among Geraniums, and is the best of the new dwarf-grown sorts. It is very dwarf and compact, and of a very branching habit. The flowers are produced in the greatest profusion upon large-size trusses, and the color is like the beautiful *Aurora*; is unique and changeable, some trusses being of a deep rosy-salmon, streaked and veined carmine, with deep magenta color; others with outer petals almost a pearly white, with carmine color. No two trusses alike. Taken as a whole, it is the first of the Bruant race in this color. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

The Wonder.

The Splendid Single Geranium, M. ALFRED MAME.

Each floret is $2\frac{1}{2} \times 2$ inches, forming a wonderful flower of soft scarlet, petals shading to salmon in center, which is deeply veined crimson. As a market plant it outsells any other kind. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

The Best Single Pink Geranium, GRANVILLE.

This is not a new plant, but one that deserves to be more generally known and cultivated than it is. It has the same deep green, fragrant foliage as the sweet orange, but is of decidedly dwarf, bushy growth. Plants only one year old, and not over ten to fifteen inches high, produce their delicious blossoms, which are succeeded by fruit. The undulation on the surface of the foliage is furnished with a blueish metallic hue, shading into light rose with a light green margin. It will prove a valuable acquisition, both as a bedding and decorative plant. See illustration above. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

PALMS.

We offer a list of the more easily handled Palms. They are nice, thrifty, clean stock, and when potted will soon bring four or five times the price at which they are offered here.

NOTE—It may be well to state here that in mentioning the number of leaves to each size, it has reference to embryo, not character leaves.

LATANIA BARBONICA.

The well known favorite Fan Palm, beautiful in all stages of growth. No plant is more easily grown, and none more tenacious of life, enduring the dust, cold and heat from open windows, and gas-heated air of our dwellings. The demand for this particular kind is perhaps five times that of any other. Price, four inch pots, twelve inches, three, four and five embryo leaves, \$1 per dozen; \$8 per hundred.

CHAMÆROPS EXCELSA.

This is one of the finest pot plants imaginable, and the easiest to grow of any of the Palm family. Being almost hardy, it is not injured by slight changes of temperature, and its stiff, glossy leaves enable it to stand the dry, hot air of the living room without injury. Price, four inch pots, ten to twelve inches, four and five embryo leaves, \$1.50 per dozen; \$10 per hundred. Three inch pots, 75 cents per dozen; \$6 per hundred.

PHŒNIX CANARIENSIS.

This is one of the most exquisitely graceful among Palms. Its wide-spreading, gracefully-arching, fern-like leaves are elegant and effective. Price, four inch pots, ten to twelve inches, four and five leaves, \$ per dozen; \$8 per hundred.

Swainsonia Galegifolia Alba.

SANSEVERIA ZEALANICA—This beautiful house plant is well adapted for the decorations of sitting-rooms, halls, etc., as it stands dust and neglect of watering with impunity. The leaves grow to a length of three or four feet, and beautifully striped crosswise with broad, white variegations on dark green ground. It is a rare and beautiful plant which should be abundantly grown for positions out of the reach of sunlight, where other plants will not thrive. Price, nice two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred.

THE BEAUTIFUL NEW SWAINSONIA GALEGIFOLIA ALBA

The Swainsonia is a native of Australia. The habit of growth is extremely graceful and the vines, trained up at the side of a window or on a trellis, present a lovely sight of light green, feathery foliage, and a splendid profusion of pure white sprays of fairy-winged flowers, somewhat resembling Sweet Peas in form. Easily grown, and under favorable conditions, it is almost a perpetual bloomer. There is certainly no climbing vine for house or conservatory culture today that is more desirable than this fine, new plant. Price, 6 cents each; 30 cents per dozen; \$4 per hundred.

HELIANTHUS MULTIFLORUS—Double Golden Sunflower. A double perennial "Sunflower." It is a great addition to our hardy herbaceous plants. Its dark golden-yellow color is both fashionable and beautiful for cut flowers, and planted singly or in clumps on the lawn it gives splendid effect. The plant grows about three to four feet high, bearing numerous large golden heads of flowers as large as Dahlias, and continuing in bloom until frost, and will be much prized as corsage flowers. Price, 50 cents per dozen; \$4 per hundred.

SOLANUM JASMINOIDES GRANDIFLORUM—This beautiful plant is of a trailing or climbing habit, but seldom attains a greater height than three or four feet, and if desired can then be cut back to a bush form. It has star-shaped flowers, something like a Clematis, and borne in large clusters or panicles frequently a foot across. They are in color a pure white, with violet tinge on the back. It is equally a good bloomer in Summer and Winter, and is wonderfully effective when planted to cover a trellis, showing hundreds of magnificent panicles of bloom. Price, strong plants, 5 cents each; 40 cents per dozen; \$3 per hundred.

THE BLUE SOLANUM—Solanum Azureum. Certainly one of the finest plants lately introduced. Everyone is well acquainted with Solanum Jasminoides, and its merits are greatly appreciated. In "The Blue Solanum" we have a far superior plant in every respect. It is of robust growth, soon making fine specimens that will climb over and cover a porch with the most handsomely cut foliage. In mild localities it is covered during the late Summer months with hundreds of clusters of large, lavender blue, Wistaria-like flowers, brightly set off with golden stamens, each cluster measuring fifteen inches in circumference, and often attaining a length of twelve inches. Price, 75 cents per dozen; \$5 per hundred.

Maman Cochet.

New Tea Rose, COMTESSE DE FRIGNEUSE.

In color charming, in freedom of bloom second to none. The buds are long and pointed, not unlike Niphetos in form, and good size. The color is a deep golden-yellow, with softer shade inside of petal. As a yellow Rose this takes rank next to Marechal Neil. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, PRINCESS BEATRICE.

A vigorous grower, with stiff, erect wood; thick, handsome foliage, and very free-flowering. Flowers well carried on long, stiff stems; large, full and of the most perfect form; petals round, broad and very thick; outside petals pale yellow-center, rich golden-yellow; edge of petals lightly laced with bright rose. Price, 6 cents each; 75 cents per dozen; \$5 per hundred.

The Old Ever-Blooming Rose, HERMOSA.

We believe the Hermosa is the best known in the entire Rose family, and a universal favorite. Hardy as a lilac bush and as free flowering as the Geranium, it combines everything most desirable in a Rose. The flower is cupped, finely formed and full; color the most pleasing shade of pink, soft but deep and very fragrant. We have a large and fine stock of this standard variety. Price, 5 cents each; 50 cents per dozen; \$4 per hundred.

New Forcing Rose, BRIDESMAID.

A new Rose. A sport from that old standard, Catherine Mermet. This variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur and more cut blossom is sold by the flower dealer of it than any pink Rose. Bridesmaid is about two shades deeper in color—just enough to make it bright; and it is the same color all the time under every condition of weather and surroundings. Strong, two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred.

The Great Forcing Rose, CATHERINE MERMET.

A beautiful, clear rich color, with the same silvery lustre seen in La France. Large, well formed. Very beautiful in the bud. One of the most popular Roses for cut flowers. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, J. B. VARRONE.

A fine grower, flowers very large and double, with high center opening from long buds. Color a soft China Rose, changing to bright, deep carmine of even shading. An extra good Rose and very sweet. Much superior to Luciole, which it greatly favors, but of a better growth and much freer in blooming qualities. A grand new Rose. Price, 8 cents each; 75 cents per dozen; \$5 per hundred.

New Forcing Tea Rose, CHRISTINE DE NOUE.

(The Double Papa Gontier.)

This beautiful new red Rose is a very charming Rose, and promises to be one of the best of recent introduction. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large-sized, graceful bush, with bright, deep green foliage. A constant and very free bloomer. The flowers are well borne up on stems, and are usually large and handsome. It is a very double Papa Gontier, and will be splendid for forcing. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

A SELECT LIST OF THE NEWER ROSES,

AND ROSES OF SPECIAL MERIT AT PRICES QUOTED.

We have two-year-old four-inch pot plants of the majority of these Special Merit Roses at \$1.25 per dozen; \$8 per hundred.

New Tea Rose, MAMAN COCHET.

One of the best new Roses. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very double, and the buds and half-expanded flowers are simply exquisite in their graceful form, delicate color and rich fragrance. The color is deep rose-pink. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Rose, CRIMSON RAMBLER.

This superb novelty is of the Polyantha class and was originally received from Japan. The flowers are produced in great pyramidal panicles or trusses, each carrying from thirty to forty blooms, the individual flowers measuring about one to one-and-a-half inches in diameter and remaining perfect on the plant upwards of two weeks with their freshness of color unimpaired. The foliage is bright green and glossy, and contrasts finely with the bright crimson of the flowers. It is said to be exceedingly hardy, having successfully withstood the test in exposed situations of two very severe winters in England. We recommend this novelty in the strongest manner as being a new Rose of great importance and value. Price, 75 cents per dozen; \$5 per hundred.

New Bourbon Rose, MRS. PAUL.

It is of strong, thrifty growth, with large, glossy-green foliage, and large, fine flowers, which have the requisite substance to withstand our hot, dry Summers. The color is a bluish-white, usually overlaid with rosy-pink shadings. This rich, unique coloring is one of its marked characteristics, and stamps it with a distinctive charm. The outer petals are grandly recurved, forming an excellent contrast to the camellia-like petals. Price, 8 cents each; 60 cents per dozen; \$5 per hundred.

New Rose, HENRY M. STANLEY.

The grand new ever-blooming Rose was raised from Madame Lambert and Countess Riza du Parc, and named in honor of the great African explorer, and is recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber rose, delicately tinged with apricot-yellow towards the center. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

Hybrid Tea Rose, VISCOUNTESS FOLKESTONE.

Is unsurpassed among light colored varieties; is graceful to the last degree, with strong, healthy foliage; flower is delicately tinted flesh, almost white, and lustrous as satin. When full blown it is like a Peony, but without a suggestion of stiffness. Price, 5 cents each; 50 cents per dozen; \$4 per hundred.

New Ever-Blooming Tea Rose, MRS. DeGRAW.

Everybody wants a hardy, ever-blooming Rose, and we now offer the grandest of this class. From early Summer until frost it can be depended upon to produce flowers of large size and exquisite fragrance in lavish abundance. In color it is a rich, glossy-pink. It is such a strong grower that it is almost impregnable against attacks of insects. For garden or cemetery plots it has no equal. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Tea Rose, CHRISTINE DE NOUE.

New Tea Rose, THE QUEEN.

A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'un Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet, and has proved valuable, both for forcing and open ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of pure white, ever-blooming Roses. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Hybrid Tea Rose, LA FRANCE.

It is of a superb form, and double as a Rose can be. No variety can surpass it in delicate coloring—silvery rose, shaded with pink. It has satin sheen over all its petals. It is most universally regarded as the most useful of Roses, for it is hardly beyond question. It blooms continuously. Price, two-and-a-half inch pots, 6 cents each; 60 cents per dozen; \$4 per hundred.

New Rose, CLIMBING LA FRANCE.

We give the description of the introducer: "It is doubtful if, since the introduction of General Jacqueminot and La France, there has been offered such a sterling novelty in Roses as the Climbing La France. The two varieties mentioned are conceded to be without a peer in their class, but the Climbing La France towers so far above all climbing Roses for the open ground that comparison is out of the question. Price, 6 cents each; 60 cents per dozen; \$5 per hundred.

New Forcing Rose, WHITE LA FRANCE.

(Augustine Guinnoiseau.) A Rose we recommend to all, whether for out-door culture or for pots in the house in Winter. I you were to ask us to select six of the finest Roses for you, we should be sure to include it in the six. Do you know La France? If so, you know this elegant new Rose. It is identical with La France, except in color. It is pearly-white, sometimes tinted with fawn. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

DEVONIENSIS, Magnolia Rose.

A beautiful creamy-white, with rosy center, large, very full, and a delightfully sweet Magnolia fragrance. Price, 50 cents per dozen; \$4 per hundred.

New Tea Rose, MISS WENN.

This charming variety is noticed at once for its exquisite color, which seems entirely distinct from almost all other Roses of our acquaintance. We call it a clear coral pink, a most novel and distinct shade of color, very difficult to describe. The French call it China Pink. It is certainly a very beautiful color, and full and exquisitely Tea scented. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Crimson Forcing Rose, METEOR.

A velvety-red ever bloomer, of the deepest glowing crimson. As fine as a Hybrid; flower of medium size, very double, and petals slightly recurving. A beautiful open Rose, a free bloomer and promising well as a pot Rose. It has no tinge of violet or purple to mar its beauty. It promises to be a reliable dark ever-bloomer, free from bad qualities. The best rich red Rose that was ever introduced for florist's use. The usual demand for forcing this Rose has caused us to grow them in large quantity, and we offer them in two sizes. Price, nice, strong two-and-a-half inch pots. 6 cents each; 50 cents per dozen; \$4 per hundred.

The Charming
New Tea Rose,

BEAUTY INCONSTANT.

Color bright capucine red, shaded and lined with deep carmine and bright yellow. A novel and distinct Rose. The colors are variable, and often upon a single plant there are what to the casual observer would be three different varieties of Roses. The flowers are semi-double, and the buds long, well-formed, and very desirable for cut flowers and wearing. Price, 6 cents each. 50 cents per dozen. \$4 per hundred.

The Meteor.

Md. de Watteville.

Tea Rose, MD. DE WATTEVILLE.

This grand ever-blooming Rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy-yellow, richly colored with rosy-blush. The petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, CAPTAIN LEFORT.

Color of flower rosy-purple, reverse of petals China Rose. This variety is a cross between Socrates and Catherine Mermet. Long buds on stiff stems. A variety of general merit. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Golden-Yellow Tea Rose, MEDIA.

There is no denying the fact that yellow and white Roses are admired by every one, but the yellow has the more admirers of the two. The size and shape is all that could be desired; full, round flowers of the largest size, perfectly double to the center, and fragrance is elegant. The growth is vigorous, while the foliage is of green that goes so well with yellow. Price, 6 cents each; 50 cents per dozen; \$5 per hundred.

Tea Rose, PERLE DES JARDINS.

Without doubt the finest Rose in cultivation. Canary or golden-yellow flowers and beautifully formed. Handsome in every stage of development, from the smallest bud to the open flower. Price, 6 cents each; 60 cents per doz; \$4 per hundred.

GUSTAVE NADAUD.

(Supert & Notting.) A free branching grower, with large, double flowers. The outside petals are large and rounded, giving it an exquisite cup-shape. Color vermilion, with clear touches of carmine-lake, and soft, pink center. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

COUNTESS ANNA THUN.

Color a beautiful citron-yellow, with coppery and peach center, shading to a salmon and silvery-pink, the color blending nicely. Price, 6 cents each. 50 cents per dozen. \$4 per hundred.

Tea Rose, SNOWFLAKE.

It is a lovely new White Tea; the best flowering Rose we have ever seen. The Rose was introduced by Straus & Co., of Washington, D. C., and by them grown in large quantities for cut flowers, they claim it the most profitable white Rose they grow; that they had counted 153 buds and flowers on one plant in a single day, and the plants less than a year old. Price, 6 cents each. 50 cents per dozen. \$4 per hundred.

Tea Rose, LETTIE COLES.

One of the loveliest Roses grown, without exception. It is very double and cupped, forming a magnificent, full, open Rose of soft, creamy-white, with a very bright, rosy-carmine center. A splendid grower and universal favorite. Price, 50 cents per dozen. \$4 per hundred.

New Tea Rose,**GOLDEN GATE.**

It is a strong, healthy grower, excellent for both bedding and house culture. Produces a profusion of long, pointed buds, opening to very large, double Roses of creamy-white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose. Price, 8 cents each. 75 cents per dozen. \$5 per hundred.

Tea Rose, SUNSET.

It is a sport from that grand variety Perle des Jardins, which it strongly resembles; perfumed. The color is a remarkable shade of rich golden amber, elegantly tinged and shaded with dark ruddy copper, intensely beautiful, and resembling in color a splendid "after glow." Price, 8 cents each. 50 cents per dozen. \$5 per hundred.

Forcing Rose,**PAPA GONTIER.**

A lovely Tea Rose, has proved all that has been claimed. The blooms are large and long, with thick, broad petals of dark carmine-crimson. The inner petals are a bright, rosy-carmine, and light up well at night. It is delightfully fragrant, and combines all the qualities of Bon Silene which have made that Rose famous. The most popular forcing Rose of its color. Price, 6 cents each. 50 cents per dozen. \$4 per hundred.

New Rose,**THE RAINBOW.**

This new Rose from California, which, no doubt, will be extensively planted, was awarded a silver cup by the State Floral Society. The color is a lovely shade of deep floral pink, striped and mottled in the most unique manner with intense crimson, and elegantly colored with rich, golden-amber at center of base of petals. It makes beautiful buds and the flowers are extra large, very sweet and of great depth and substance. Price, 5 cents each. 50 cents per dozen. \$4 per hundred.

Tea Rose, COUNTESS EVA STARHEMBURG.

In its shading of deep coppery-yellow it stands unique and distinct from all others. The flower, when open, is of good size and very symmetrical. The flowers are extra large, fine globular form, very full and well built up. Price, 8 cents each. 60 cents per dozen. \$4 per hundred.

MARIE VAN HOUTTE.

Of a fine, faultless straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson; occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms freely, and is most deliciously scented; in cool weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose. Price, 6 cents each. 50 cents per dozen. \$4 per hundred.

MONSIEUR FURTADO.

Deep sulphur-yellow, described by Mr. Ellwanger as the best yellow pot Rose. It should be grown more largely, as it is excellent. Price, 6 cents each. 50 cents per dozen. \$4 per hundred.

New Climbing Rose,**WALTHAM QUEEN.**

This splendid new ever-blooming Climbing Rose is introduced from England, where it has given great satisfaction. It is a valuable acquisition, particularly for the South and Pacific Coast, and though not entirely hardy in the North it will probably do well in many situations in the Middle States; it is a strong grower and continuous bloomer. Price, 6 cents each. 50 cents per dozen. \$4 per hundred.

New Climbing Rose,**REINE OLGA DE WURTEMBERG.**

A splendid Rose, and should be grown where the Marechal Neil succeeds. This variety, as grown in the south of France, is simply indescribable. The people in the South would do well to employ this beautiful sort for covering verandas and trellises; color a rosy carmine, suffused with yellow. Price, 6 cents each. 50 cents per dozen. \$4 per hundred.

ETOILE DE LYON.

This is considered one of the finest yellow bedding Roses for outside planting; it is, moreover, one of the hardiest in the Tea section. It blooms freely, and every flower is a gem. It equals Marechal Neil in size, on strong bushes; deep chrome yellow. A remarkable Rose, deserving extensive culture. Price, 50 cents per dozen. \$4 per hundred.

New Tea Rose,**GEN. ROBERT E. LEE.**

(Introducer's description.) This Rose will please all who try it. It is in color an orange-yellow, after the color of Ma Capucine, only richer and better. It is a good grower, has elegant, long buds borne on long stems, and will produce more buds than any other Rose we know of. It forces easily, being at its best in the Mid-Winter. There is no variety that will compare with it in all the qualities that go to make up the ideal Rose. The color is so peculiar and rich that it attracts attention wherever seen. Price, 6 cents each. 50 cents per dozen. \$4 per hundred.

New Hybrid Tea,**TRIUMPH DE PERNET PERE.**

New Tea Rose, COQUETTE DE LYON.

No Rose like it for freedom of bloom. The plant is a fine grower and carries numbers of flowers on every shoot. A fine yellow Rose, large, not all formal, but very attractive. Called the Yellow Hermosa, from its free-flowering character. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

The color is a bright, rosy-flesh, paler at the base of the petals and deepening on the edges. Apt to come in clusters, which are excellent for cutting. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

CLIMBING PERLE DES JARDINS.

Its large, full, well formed, golden-yellow flowers, borne on stiff stems, make this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant, delicate-hued blossoms. Climbing Perle is even more vigorous and floriferous than the bush form. Price, 60 cents per dozen; \$4 per hundred.

CLIMBING - - DEVONIENSIS.

Similar to the well known magnolia scented Devoniensis; the growth is much stronger, with a decided tendency to climb. A splendid Rose for the South. Price, 60 cents per dozen; \$4 per hundred.

This is decidedly the most beautiful white Tea Rose. It is a sport from Catherine Mermet, with which it is identical in growth and shape of flowers. The flowers are very large and double, on long, stiff stems, of fine texture and substance, and last a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets.
